NEHRU COLLEGE OF ENGINEERING AND RESEARCH CENTRE

PAMPADY, THRISSUR, KERALA

**Accredited by NAAC,
Approved by AICTE, New Delhi, Affiliated to APJAKTU
An ISO 9001 2015 Certified Institution,**

Green-Campus

NCERC Green Campus Policy

NCERC defines Green Campus as a place where environmental friendly practices and education combine to promote sustainable and eco-friendly practices in the campus. The green campus concept offers an institution the opportunity to take the lead in redefining its environmental culture and developing new paradigms by creating sustainable solutions to environmental, social and economic needs of the mankind.

NCERC Green Campus Policy Aims and Objectives

- The college is striving to develop its institution on a self – sustainable basis in the areas of power, water and cleanliness.
- The faculty, staff and students have to contribute collectively to develop an eco – friendly sustainable campus and disseminate the concept of eco – friendly culture to the nearby community and wherever possible.
- Awareness creations about environmental issues among students and employees including climate change.
- Measure and reduce environmental emissions/ footprints

NCERC Green Campus Execution Model

- In pursuing our program of improved environmental performance, NCERC thrive upon following model

Waste Management

- To increase the green cover in and around the campus.
 - To adopt methods for waste segregation
- Take actions to reduce or recycle waste inside the campus.
 - To manage, collect and dispose e-waste appropriately
 - To reduce hazardous waste and its management
- Actions taken to reduce consumption of plastic in the campus.
- To encourage paperless work culture and recycling of paper.
 - Display waste management instructions/alerts at prominent/relevant locations in the campus.

Water Management

- Adopting following measures in campus to reduce water consumption
 - o Grey water in flushes
 - o Rain water harvesting
 - o Change of taps which are water efficient
 - o Encourage sensor valves
 - o Use of recycled water for watering plants, trees etc

- Display water management instructions/alerts at prominent/relevant locations in the campus.

Climate Change

- Suitable action taken to reduce green house gas emissions due to energy consumption
 - o use of energy efficient lamps/sensor based lamps where ever possible like corridors, toilets etc.
 - o use of energy efficient equipments in laboratories/ classrooms/ canteen, this can range from air – conditioners, refrigerators, condensers etc.
- Monitoring the entry of vehicles in the college in terms of their fuel efficiency/ hybrid/ battery operated vehicles.
 - Promoting the use of public transport.
 - To establish a system for preparing college emissions/environmental inventory.
- Creating awareness by organizing seminars, debates, activities related to climate change, environmental protection, and environmental issues.
 - Promoting some projects/experiments in the education system as part of regular curriculum which is related to environmental aspects.
