(Approved by AICTE, Affiliated to KTU, Kerala)

STUDENT CATEGORIZATION

EEE DEPARTMENT

The students joining the department come from diverse background and the learning pace of students are not alike. Some students require more attention and time for learning and some students grasp quickly and can envisage more knowledge in the same time frame. To judiciously reframe the teaching process, students are categorized as **slow learners**, **advanced learners** and **outstanding learners**. Norms followed at present are as follows:

Norms followed for categorization- All semesters except S1

Based on End Semester University examination results

Slow learners	:CGPA<7
Advanced learners	: $7 \leq \text{CGPA} < 8$
Outstanding learners	: $8 \leq \text{CGPA} \leq 10$

For S1, categorization is based on first internal examination

GRADING OF STUDENTS

STEPS FOR SLOW LEANERS

1. Regular monitoring and counseling
2. Remedial Classes
3. Communicating students progress to their parents

STEPS FOR ADVANCED LEANERS

1. Promote independent learning through NPTEL/MOOCs
2. Encouraging the students to publish papers and participate in student level conferences and Hackathones
3. Encouraging students to enroll for Minor in Engineering program
4. Selected as class representatives and Program Co-ordinators

STEPS FOR OUTSTANDING LEANERS

1. Promote independent learning through NPTEL/MOOCs
2. Encouraging the students to publish papers and participate in student level conferences and Hackathones
3. Encouraging students to enroll for Minor in Engineering program
4. Assigning student tutorship program
5. Selected as class representatives and Program Co-ordinators

DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

STUDENT CATEGORIZATION PROCESS

Here by it is decided that the students can be categorized into three groups into slow learners, fast learners and advance learners based on their academic performance for their improvement in their results and non-academic excellence. The students acquired more than 60 percent of marks for all subjects in internal examination and pass in university examination are grouped into fast learners and less than 60 percent marks in any subjects in internal examinations is considered as slow learners for that particular subject. The toppers in the university examination are grouped as advanced learners. The process of the categorization process is as given below.

Department of MCA

Categorization of Students

In every educational programme we can see some students can perform really well in all aspects, they can easily grasp the ideas in a simple manner. On the other side there will be some students who may face difficulties in the learning process due to some personal or other valid reasons. In these situations the students need special care and attention to improve their learning activity

3 Categories of student learning ability

- Advanced/Outstanding Learners
- Fast Learners
- Slow Learners

Advanced/Outstanding Learners

The students in this category have more potential with their memory, critical thinking, creativity, comprehension etc. The students will have hard working behaviors and will be more active while comparing the majority of the class. The students under this section will bring some new innovative concepts and techniques that can enhance teaching learning activities.

Fast Learners

The students in this section have better memory capability, thinking ability etc. The students will be hard working. The students under this section will have more than 80% scores in their respective domain.

PRINCIPAL
Nehru College of
Engineering and Research Centre
Pampady, Thiruvilwamala, Thrissur Dt.
Pin - 680 597, Kerala

Slow Learners

The slow learners are always the poor in achieving good marks. They may fail in exams or will score only poor grades. They will be struggling to understand the lessons and may have difficulties in their reproduction and integration. They may fail critical reflections. The poor performance is not only because of the poor capability or aptitude but may be due to poor family situations, inappropriate teaching methods, , lack of motivations and supports, or even the inability to communicate in an unfamiliar language.

Methods of assessment

- Merit in qualifying examinations
- Performance in entrance examinations
- Performance in training sessions and bridge program's
- They can be monitored continuously with the help of various internal exams, assignments
- University examination results
- Communication and interactive ability in the class
- Innovative ideas
- Research oriented activities
- Participation in co-curricular activities

No.	Name	High	Average	Low
	Merit in qualifying examinations			
	Performance in entrance examinations			
	Performance in training sessions and bridge program's			
	Continuous evaluation (Internal exams, assignments etc.)			

PRINCIPAL
Nehru College of
Engineering and Research Centre

Pin - 680 597, Kerala

Guidelines for Fast learners

- Giving advice to participate in training programs, technical sessions to improve analytical and problem solving skills in them and thereby, to enhance their presentation and communication skills.
- Motivating the Fast learners to make quality publications
- Motivating them to participate in National International Conferences
- They will act as a helper to the slow learners.
- Giving suggestions to clear any sort of doubts in academic aspects from the concerned domain expert
- Encouraging them to improve the quality oriented learning with the help of smart devices

Guidelines for Slow learners

- Slow learners should not be stamped as poor achievers in the class or department if so this will decrease their interest in learning and also make them more introvert in the class.
- The whole department and individual teachers should help the slow learners by giving proper guidance and support.
- Conduct extra and corrective classes for difficult subjects and topics to the slow learners based on the results of internal evaluation
- Special coaching to reduce the gap between fast and advanced learners

University examination results			
Communication and interactive ability			
Innovative ideas			
Research oriented activities			
Participation in co-curricular activities			

Guidelines for Advanced learners

- Advanced learners are provided with additional inputs for more desirable career planning and growth through offering special coaching for higher level competitive examinations
- Giving advice to participate in group discussions, technical quizzes to improve analytical and problem solving skills in them and thereby, to enhance their presentation and communication skills.
- Motivating them to participate in National International Conferences and also to publish papers
- Encouraging them to involve in research projects to inculcate research orientation and higher studies aspirations
- Startups offers are there for advanced learners. Seed money can be offered to advanced learners to make their innovative proposals implemented
- Exhilarating the advanced learners to make quality publications and creative contributions to the academic as well as to the society
- They will act as supporters to the average and the slow learners.

 Engineering and Research Centre
 Pampady, Thiruvilwamala, Thrissur Dt.
 Pin - 680 597, Kerala

- Getting the support of the advanced learners and fast learners to the slow learners in making their learning process simple and interesting
- Academic and personal counseling are given to the slow learners by the tutor, mentor and the counseling cell
- Explanation and discussions in their comfortable language should be done and also motivate them to prepare notes to improve the writing and presentation skills
- Alumni support is also effectively used to encourage and guide the slow learners through the proper path.

To
The Principal
NCERC

Respected Madam,

Attached please find the training schedule for 2nd & 3rd year BTech Students. The training schedule is allocated in such a way that a gap is given for training days as said by the trainer to make it more effective and to avoid absenteeism.

May I request you to approve the training days so that I can proceed with further official process

Thiruvilwamala, Thrissur.

Sub: Aptitude Training for 2023 and 2024 pass out students of NCERC

Ref: Our discussions regarding the training and our proposals dated 01 Feb 2022.

Dear Sir,

The following are the dates we suggest for the 5 days of Aptitude Training this year for the 2nd Year and 3rd Year students of NCERC.

Date	Day	College	Batch	Remarks
22 April 2022	Friday	NCERC	2020 - 24 (2 nd Year) as 2 Batches 2019 - 23 (3 rd Year) + MCA as 3 Batches	Day 1 Day 1
27 April 2022	Wednesday	NCERC	2020 - 24 (2 nd Year) as 2 Batches 2019 - 23 (3 rd Year) + MCA as 3 Batches	Day 2 Day 2
26 May 2022	Thursday	NCERC	2020 - 24 (2 nd Year) as 2 Batches 2019 - 23 (3 rd Year) + MCA as 3 Batches	Day 3 Day 3
31 May 2022	Tuesday	NCERC	2020 - 24 (2 nd Year) as 2 Batches 2019 - 23 (3 rd Year) + MCA as 3 Batches	Day 4 Day 4
08 June 2022	Wednesday	NCERC	2020 - 24 (2 nd Year) as 2 Batches 2019 - 23 (3 rd Year) + MCA as 3 Batches	Day 5 Day 5

Kindly check the suitability of these dates for the training program at your side, and let us know so that we can plan accordingly.

With regards,

Rishan Kumar VL.

Konfidence is a Kochi based organisation that operates in a niche area of equipping students for better careers. Our prime focus is on helping students perform well in corporate recruitments. Konfidence was started by two IIM (Indian Institute of Management) Kozhikode graduates Mr. Krishna Swamy and Mr. Kishan Kumar in the year 2004.

We operate mainly within the state of Kerala. We have a clientele consisting of more than 20 colleges including the top Engineering and Management institutes. We offer training to the students of our partner colleges working in tandem with the placement and training cell of the college. We also offer online training programs.

Our guidance and training have helped thousands of students secure placement with reputed companies in India and abroad. We have helped partner colleges maintain above-average placement statistics which in turn has boosted their brand image. We have the highest customer retention in our domain. Our training programs have also helped students get admissions to reputed higher study programs in India and abroad. Our technology-enabled learning and assessment platforms - PraKtiz and PraktizTech – have good market acceptance.

Our Training faculty comprises of a team of subject experts in Quantitative, Logical and Verbal Ability with training experience ranging from 3 to 18 years. Founder Directors of Konfidence with IIM background are also part of the training team.

Our career guidance team has unmatched expertise with about two decades of experience in the sector. Having observed various trends and swings themselves, they have the exposure and capability to give the right guidance to the seeker.

Deep understanding of the niche in which we operate – Continuous adaptation to the changing needs of the customers – Implementation of the best practices and robust processes evolved through years of experience – Experience and expertise of the faculty – Focus on Quality over Quantity – all these are the key factors which differentiate us from the rest of the pack that offers similar programs.
